**B. AMENDMENT OF APPLICATION**

Responsive to the Official Action mailed **June 28, 2005**, please amend the application as follows:

**In the Claims:** (strikethrough parts deleted and underlined parts added)

1. (Currently Amended) A medical arm securing device for securing the arms of an immobile patient, comprising:  
a main member;  
a first slot extending into an upper portion of said main member;  
a second slot extending into said upper end of said main member, wherein said slots receive the wrists of an immobile patient;
